

I AM JUST A MAN

A GUIDE

FIND OUT

Unlocking the secret to my manhood

STOP THINKING NEGATIVE

I was always very negative. Deep down I craved to be a man and a rapper. I wrote poetry at school, it was a girls only school - now I'm a man.

KEEP LEARNING

Home life wasn't great but I kept learning. I became a thinking man well into my adulthood. I started taking testosterone and it changed my appearance. I became a real man through painfully accepting death.

CHALLENGE MY MIND

I found love in a strange way.

I was sectioned and felt a deep self-love. It was like god himself chose me. It was hard, but I got through it. I've always been smart and I knew that as a man I would be able to break stereotypes about manhood.

MUSIC MADNESS

As the only trans rapper
around I have found it
rewarding. I make music with
a mainstream sound. My rap
style is slow flow and
aggressive drill. I have been
compared to pop smoke and
king von.
